

To do list

1. Update based on feedback
 - a. Change all functions to be typesafe
2. Figure out what sessions (and passwords - hashing) are & how to implement them
 - a. Check 5.8.4. Summary for
3. Implement updated Iteration 3 swagger.yaml
 - a. Change datastore to include thumbnail image
4. PLANNING -  planning

Interview 2-3 people as target users & develop 4 questions to ask them. Think about how to solve and write soln

- a. Write user stories and user cases - ask the people to comment on these user cases
 - b. Create HTTP endpoints for the soln and update swagger.yaml
 - c. Make a state diagram
5. Implement scoring and ranking

Things to sort

- ☒ Hashing for passwords
- ☒ Make sure all functions have comments which specify params and returns
- ☒ For typesafe checking, create separate file to define types
- ☒ Fixup quizTrashEmpty failing tests

Timeline	
Tonight: Fix iteration 2 bugs and have rerun ready	
Tuesday Night	<ol style="list-style-type: none">1. Update based on feedback for iteration 2<ol style="list-style-type: none">a. Change all functions to be typesafe2. Figure out what sessions (and passwords/sessionID - hashing) are & how to implement them<ol style="list-style-type: none">a. Check 5.8.4. Summary for
Wednesday night	Implement iteration 1 & 2 tests and functions for iteration 3
Thursday - Sunday night	Implement updated Iteration 3 swagger.yaml

Andrew (8)	
Function	Progress
admin/auth/logout	26/07 - finished fixing up functions as per spec done
[Get] admin/user/details	26/07 - finished fixing up functions as per spec done
[Put] admin/user/details	26/07 - finished fixing up functions as per spec done
admin/user/password	26/07 - finished fixing up functions as per spec done

admin/quiz/updateNameDesc	26/07 - finished fixing up functions as per spec done
admin/quiz/updateQuizDesc	27/07 - finished fixing up functions as per spec done
admin/quiz/createQuestion	27/07 - finished fixing up functions as per spec Will be helping others with all of their functions done
Get session status	04/08 - Finished writing test files and implementing spec done

Anchala (8)	
Function	Progress
admin/quiz	26/07 - Fixing up function and associated test suite as per Iteration 3 requirements (ie. throwing HTTP errors, token->header and fixing type script for bonus marks) 29/07 - Done (excl TS)
admin/quiz/remove	27/07 - Fixing up function and associated test suite as per Iteration 3 requirements (ie. throwing HTTP errors, token->header and fixing type script for bonus marks) 29/07 - Done (excl TS)
admin/quiz/trashView	29/07 - Fixing up function and associated test suite as per Iteration 3 requirements (ie. throwing HTTP errors, token->header and fixing type script for bonus marks) 29/07 - Done (excl TS)
admin/quiz/trashRestore	29/07 - Fixing up function and associated test suite as per Iteration 3 requirements (ie. throwing HTTP errors, token->header and fixing type script for bonus marks) 29/07 - Done (excl TS)
admin/quiz/trashEmpty	29/07 - In the process of figuring out why the function failed iteration 2 tests 02/08 - Completed by Andrew debugged the function. There was an issue with how the body was passed into the server route. Done
admin/quiz/thumbnail	30/07 - Wrote test suite 31/7 - Having difficulties working out the error cases involving the URL. Will put this function on hold to work on sessionStart etc. as that function needs to be finished for the others to work. 02/08 - Completed by Andrew who figured out the URL code Done
admin/quiz/sessionStart	31/7 - Having difficulties working out the error cases involving the URL. Will put this function on hold to work on sessionStart etc. as that function needs to be finished for the others to work. 02/08 - Finished the function, w fully working test suite and everything has been merged to master

	Done
admin/quiz/updateSession	02/08 - Writing test suite and sorting out all the different possible cases/consequential outcomes 02/08 - Finished writing test suite and implementing error cases. Also began to implement certain cases for some states. Done
Send chat message in session	03/08 - Writing test suite and sorting out all the different possible cases/consequential outcomes 03/08 - Finished writing test suite and implementing error cases. Also began to implement certain cases for some states. Done
List all active and inactive sessions	04/08 - Writing test suite for all different cases Done

Lina (8)	
Function	Progress
admin/quiz/list	Done
admin/quiz/info	<ul style="list-style-type: none"> Includes image URL now
admin/quiz/move	Done
admin/quiz/duplicate	Done
Get quiz session final results	29/07 - Writing test cases Finished writing test files Done
Results for a question	05/08 - Completed by Andrew Done
Get quiz session final results	Done
Get quiz session final in CSV	

Rayhan (8)	
Function	Progress
admin/quiz/transfer	27/08 - finished fixing up functions as per spec Done
admin/quiz/updateQuestion	27/08 - finished fixing up functions as per spec Done
admin/quiz/deleteQuestion	27/08 - finished fixing up functions as per spec Done

Player join	Done
Status of guest player	Done
Current question info for player	Done
Player answer submission	Done
admin/player/chatAll	Done

**** Note: Player join has to do countdown and storing questionOpenTime aswell as updatesession**
